## SKILLS

JavaScript (ES5/ES6/ES7), Ruby, HTML, CSS, Ruby on Rails, React, Bootstrap, Node, SQL, RSpec, Jest, Minitest, Git, GitHub, Webpack, Heroku.

## EXPERIENCE

**Software Engineer** *Sétif City Government, Algeria*

Jan 1997-Jan 2019

- I was part of an Engineering team that created and configured a department-wide network, addressing machines, configuring routing tables and services, and managing NAT issues.
- I supervised a dedicated CMS to manage the administration web-site, creating and iterating upon content, actualizing the training offers of our subordinates establishments, and liaising with supervisors in order to maintain quality and relevance.
- I interviewed more than 100 IT and Engineering applicants for multi-level positions in multiple public departments, assessing strengths in order to ensure quality hires.
- I trained and taught 20 co-workers in Microsoft Office applications.
- I saved my workplace more than 40.000,00DA by creating a salary management application with French software engineering workshop **WinDev**.

## EDUCATION

**Microverse**, *Certificate in Web/Software Development*

Jan 2019 - Dec 2019

- I spent 1300+ hours improving my skills in algorithms, data structures, Javascript, and Ruby, while developing 40+ front-end and back-end projects using HTML, CSS, Javascript, React, and Redux, Ruby, and Rails.
- I developed skills in remote pair-programming, using Github, industry-standard git flows, and daily standups to communicate and collaborate with international remote developers.
- I mentored two junior developers, sharing perspectives and providing them assistance with technical issues they encountered.

**FreeCodeCamp**, *Certificates*

Oct 2017 - Jul 2018

- I spent approximately 400 hours building 10 Front-End projects to get the "Legacy Front End" Certificate.
- I spent 300 hours solving coding challenges, thus attaining the "JavaScript Algorithms and Data Structures" certificate.

**Farhat Abbas University**, *Software/Hardware Engineer*

Sept 1990 - Sept 1996
